	1907-1908
Hon. Fremont D. Bartlett....	1908-1909

Inaugural Address.

Delivered by the Mayor, Hon. Fremont D. Bartlett, March 30, 1908.

Gentlemen of the City Council:

By the returns of our last municipal election we find we have been chosen by our fellow citizens to assume the responsibilities and undertake the duties of administering the affairs of the City of Berlin for the ensuing year, and we have assembled here this morning to take the oath of office and to organize a new city government for that purpose. It is my desire and should be the desire of each member of this Council, that this year's administration should be a success, but gentlemen remember that success or failure will depend in a large degree upon the men you select to have charge of the various departments. Ability and fitness for the position they are called to fill should be carefully considered by you who are responsible for their selection. All political differences should be buried; all personal grievances should be laid aside; all thoughts concerning friends, fear or favor, should not be considered, and we should one and all feel from this time on that we are the servants not of a party but of the citizens and taxpayers of the City of Berlin, and should, therefore, be animated by the one purpose to serve them faithfully and well. Let your good judgment prevail. Keep in mind only the prosperity and welfare of our city and you will make no great mistake in your selections.

Economy.

There are times when all business concerns and corporations call for a strict study of economy. The City of Berlin is simply a great business corporation. The taxpayers and the citizens are the stockholders. No dividend will be declared, but an assessment is about to be made sufficient to raise from one hundred twenty-five to one hundred thirty thousand dollars to be expended by the trustees or directors of this corporation. You gentlemen have been elected by the stockholders of this corporation as directors to

see that this money is properly expended and it should be your constant aim to see to it that this money is carefully and judiciously expended and that the taxpayers of Berlin get full value received for each dollar.

The business conditions of our country, the effects of which we are just feeling here in Berlin, the heavy loss of property by fire and the financial conditions of our city create a general demand for the study of strict economy. It, therefore, becomes the duty of each of us to exercise toward this corporation the same strict attention to business, to prudence, to economy, to judgment that we would exercise toward our own private affairs. A bill presented for payment against the City of Berlin should be as carefully looked over before being approved for payment as would your own grocery bill, and all work and business transacted should be followed along this same line. You must see to it gentlemen of the Council that strict economy is practiced in all departments. Economy does not mean the expenditure of the smallest amount of money, but there should be a united effort on the part of all to obtain a fair equivalent for every dollar of the taxpayers' money used.

Public Schools.

Any one who loves our country and is desirous of maintaining in the future the high rank we now hold as being the greatest country on earth should love our schools, for upon our boys and girls depends the great responsibility of maintaining the future dignity and greatness of our nation. Our schools, schoolhouses and equipment of today rank among the best in the state, and the retiring mayor, city council, board of education, citizens and taxpayers of the City of Berlin have a right to be proud of them. There is no question but what each grade is doing faithful and efficient work, and our teachers are among the best that can be secured. In almost every community there are a few who are opposed to modern educational methods. To such people I would suggest that you take a half day and visit our schools, especially the lower grades. Mr. Whitcher, our genial superintendent, will gladly show you through and explain the work with pride, and I feel sure you will return home a surprised and wiser man. I recommend that suitable fire escapes be placed upon our school buildings where needed and all sanitary defects be properly attended to and everything in reason be done for the safety and convenience of our scholars.

Streets and Sidewalks.

For the last few years there has been quite a feeling among the taxpayers of Berlin that this department of our city government has not always been properly managed. No matter how much good judgment and wise deliberation may have been manifested, the fact remains that the result has often met with unfavorable criticism. I notice the retiring finance committee has recommended the appropriation of \$20,500 as follows :

New Streets.....	\$ 3,500 00
Street Department.....	12,000 00
Sidewalk Department.....	5,000 00

This amount of money invested in labor will furnish work for sixty-five men six months out of the year with an average of \$2.00 per day. I just mention this fact to set you to thinking what the results should be. Gentlemen I would like to see some man placed at the head of this department who is fully competent and qualified to fill the position, who would exact full value received for every dollar expended, who would require his men to commence work at 7 o'clock in the morning and work the same number of hours with the same diligence and attention to business as they would if working for any other concern or corporation. I think this kind of management would greatly strengthen the results of this department of our government.

Sewers.

I do not believe this department should in any way be neglected, nor do I believe that it is right for the citizens to expect all the sewers required should be built in one year. I notice the retiring finance committee have recommended \$8,000 for this department, and this amount of money judiciously expended should make quite an improvement. I am not at present familiar enough with the demands of our sewage system to recommend where the money should be expended, but will admit it be placed where it will do the most good.

Fire Department.

After careful thought and consideration some move must be made regarding this department of our business. It is a fact that we have one of the most modern fire departments in the state, and have spent several thousand dollars installing, equipping and maintaining the same. It is also a fact that we are now paying the same rate of insurance today that we paid before spending this large amount of money

It seems that a few years ago while under the old fire department system that the insurance companies advanced the rate 20 per cent. This so aroused the city government and taxpayers of Berlin that the present arrangement, at a large expenditure of money, was brought about. The rate was reduced for awhile, but lately has been put back where it was years ago. Now what is the trouble and what is the remedy?

During the month of October, 1907, the National Board of Fire Underwriters sent a party of expert engineers here who made a very careful survey and inspection of our fire fighting facilities, and since that time have issued a report known as "Report No. 61 Berlin, N. H." It is a very valuable report to any one interested in the welfare of our city, as it gives in detail all information concerning this subject. I recommend that every member of this city council, or any party or parties who are interested in this line of work read this report carefully, and I especially call your attention to recommendations on pages 15 and 16, also general summary on page 18. A few of these recommendations directly concern the city fire department and should, and probably will, receive your consideration as soon as possible after organizing, as the most of them can be remedied by a little attention and a very small expenditure of money.

Taxes.

I notice by the city treasurer's report that there is \$54,143.08 of uncollected taxes, which amount is called resources. The accumulation of this amount extends back eight years. I presume a portion of the above is an actual resource, while a large per cent of it is valuable only as a showing on paper. Especial effort on your part should be made to have as much of this amount collected as is legally due the city of Berlin. Of the above amount \$29,643.97 is due from last year's taxes and \$4,274.20 is uncollected poll tax. It seems surprising that there should be so large amount of uncollected poll tax as it was always expected that a special effort should be made to collect this class of tax, and according to an old saying, is where the collector earns his salary as the property tax will collect itself.

I do not believe it is good business management to go on electing the same collector year after year and he continually increasing his indebtedness to the city each year. I, therefore, recommend, and surely hope that this government will not take any action as to the selection of a tax collector until some ordinance can be passed or some arrangement brought about that will obligate the collector of taxes for the year 1908 to make a settlement in full to the City of

Berlin at the close of this fiscal year. I do not know as this is practical or can be done, but I would like to see it tried.

Poor Department.

This department of our city government should always receive careful thought and strict attention as I believe that everything in reason should be done for our poor unfortunate people to make them as comfortable and happy as possible. Assistance should first be rendered and then careful investigation made as to their conditions. It takes a good deal of time and careful work to properly attend to and trace the pauper settlement in many cases, but as a whole, in a community like ours, the direct liability against the city should be very small.

Conclusion.

The conditions and many propositions you are to encounter demand sober reflection and a firm purpose, but remember that courage and perseverance in the right spirit will overcome all obstacles in your way. Every taxpayer is entitled to his rights. Be square, honorable, firm and considerate to them all and you should have their united support. I am deeply sensible of my own obligation to the citizens of Berlin, and it is my earnest endeavor to do my part of the work in such a way as will prove myself worthy of their confidence, and you gentlemen of the city council may depend upon me at all times in any and every effort you may make to promote the best interests of our city and to make this year's administration a success. It is very important that we be united in our work, as in unity there is strength, and undivided responsibilities do not bring about proper results.

Ordinances.

In the year of our Lord one thousand nine hundred and eight.

AN ORDINANCE relating to public streets, saloons, billiard and pool rooms, and bowling alleys in the City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. All saloons, billiard and pool rooms shall be closed at the hour of eleven o'clock at the night of each week day.

SEC. 2. All bowling alleys shall be closed at the hour of eleven-thirty of the clock at the night of each week day.

SEC. 3. No saloon, billiard, pool room or bowling alley shall be kept open for any purposes on Sundays or Legal Holidays.

SEC. 4. No person shall stand or loaf upon any bridge, street corner, sidewalk or other public way to the annoyance of others.

SEC. 5. Any violation of the above provisions shall be punished by a fine not exceeding (\$20) twenty dollars.

SEC. 6. All ordinances or parts of ordinances inconsistent with this are hereby repealed.

Passed, October 29, 1908.

Approved,

F. D. BARTLETT, *Mayor.*

Attest,

P. J. SMYTH. *City Clerk.*

In the year of our Lord one thousand nine hundred and eight.

AN ORDINANCE relating to the erection and maintenance of telegraph, electric light, telephone, street railway, and all other poles within said City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. All telegraph, electric light, telephone, street railway, and all other poles now or which may hereafter be erected upon any street, alley, lane, avenue or highway within the limits of said City, shall be round, perfectly straight, free from bunches and bark, and shall be painted a uniform color, to be determined upon by the City Engineer. All poles now standing within the said City shall be painted within thirty days of the passage of the ordinance.

SEC. 2. No person, corporation or company shall erect a pole or poles upon any street, highway, avenue, alley or lane within the limits of said City, without first obtaining a permit from the City Council and such pole or poles shall be erected under the supervision of the City Engineer, and shall be painted within fifteen days of such erection.

SEC. 3. Any person, company or corporation violating any of the provisions of the foregoing ordinance shall be punished by a fine not exceeding twenty (\$20.00) dollars for each offense.

SEC. 4. All ordinance or parts of ordinance inconsistent with this are hereby repealed.

Passed November 19, 1908.

Approved,

F. D. BARTLETT, *Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

In the year of our Lord one thousand nine hundred and eight.

AN ORDINANCE relating to the collection of taxes of said City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. On the fifteenth day of December 1908, and on said date during every year thereafter, the tax collector of said City shall furnish to the City Solicitor of said City, a full and complete list of all delinquent taxpayers, both poll and real estate.

SEC. 2. Upon receipt of such list it shall be the duty of the City Solicitor to notify by mail all persons, companies, or corporations in arrears.

SEC. 3. Said City Solicitor shall receive as compensation for such special work, a sum not to exceed twenty-five dollars, with necessary postage and stationery.

SEC. 4. This ordinance shall take effect on its passage.

Passed November 27, 1908.

Approved,

F. D. BARTLETT, *Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

Resolutions.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION to raise the sum of four thousand two hundred and thirty dollars and fifty cents (\$4,230.50) to meet the several overdrafts in the several departments for the year ending February 15, 1908.

Resolved by the City Council of the City of Berlin, as follows :

That the sum of four thousand two hundred and thirty dollars and fifty cents (\$4,230.50) be raised to meet the overdrafts in the several departments for the year ending February 15, 1908, as shown in the transfer account, and that the City Treasurer be, and hereby is, authorized to pay the same out of any money in the treasury not otherwise appropriated, and if necessary to give the note or notes of the City for that amount, at a rate of interest not exceeding four and one half ($4\frac{1}{2}$) per cent. per annum.

Passed March 12, 1908.

Approved,

G. E. HUTCHINS, *Mayor*.

Attest,

G. WERTHEIM, *Deputy City Clerk*.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to an investigation of the Police Department of the City of Berlin.

Resolved by the City Council of the City of Berlin, as follows :

That the Police Commissioners of the City of Berlin, be, and hereby are requested to make an investigation of the conduct of the police department during the recent municipal election, and such other investigation as may seem necessary.

That if a hearing relating to the same is held, it may be public, and such action taken as shall be necessary.

That a copy of this resolution be mailed to said Police Commissioners by the City Clerk.

Passed March 12, 1908,

Approved,

G. E. HUTCHINS, *Mayor*.

Attest,

G. WERTHEIM, *Deputy City Clerk*.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION to fix the salary of the chief of the fire department, for the ensuing year.

Resolved by the City Council of the City of Berlin, as follows :

That the salary of the chief of the fire department for the ensuing year be fixed at the sum of one thousand dollars (\$1,000.00) to be paid weekly.

Passed May 5, 1908.

Approved,.

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION relative to the enforcement of the criminal laws by the police department of said city of Berlin.

Resolved by the City Council of the City of Berlin, as follows :

WHEREAS there seems to be a general agitation on the part of the residents of this city on account of the failure of the police officers to enforce the criminal law and much adverse criticism directed towards the police department, and

WHEREAS a request was made by the city council to the police commissioners to investigate the conduct of the police officers and

WHEREAS the police commissioners have entirely ignored said request and

WHEREAS such conduct on the part of the police commissioners is contrary to the spirit of our institution; therefore be it

RESOLVED, That the police commissioners be requested to carry on the investigation and make a report of the same as previously requested and that they see to it that the provisions of the criminal

laws are strictly enforced in every particular and to remedy the deplorable conditions existing in this city at the present time; and be it further

RESOLVED, That if the police commissioners or either of them fail to take notice of this resolution, within ten days from the receipt of same, and that a petition be presented to the governor asking for the removal of all such of said police commissioners as shall be found to be derelict in their duty; and be it further

RESOLVED, That the city clerk be and hereby is instructed to mail a copy of these resolutions to each of said police commissioners.

Passed July 7, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to the construction of a bridge across the Androscoggin River in Berlin Mills village.

Resolved by the City Council of the City of Berlin, as follows:

That the sum of seven thousand dollars be appropriated to be used for the purpose of constructing a bridge across the Androscoggin river at a point on said river opposite Seventh street, and from thence extending across said river to a point opposite Hutchins street; providing that the State of New Hampshire will appropriate the sum of \$14,000.00 at the next session of the general court to aid in said purpose.

Passed July 7th, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION to exempt the Croteau theatre and the lot on the east side of Main street from taxation for a period of ten years.

Resolved by the City Council of the City of Berlin, as follows:

That the Croteau theatre to be erected and the lot upon which the same is erected on the east side of Main street in Berlin shall be and hereby is exempt from taxation for a period of ten years; this exemption being granted to him and his heirs and assigns.

Providing he shall erect a ground floor theatre to be used as such and for no other purpose.

Passed August 4, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION to raise a sum not to exceed six thousand (\$6000.00) in anticipation of the taxes of 1908.

Resolved by the City Council of the City of Berlin, as follows:

That a sum not to exceed six thousand (\$6000.00) be raised for the use of several departments of the City, in anticipation of the taxes for 1908, and the City Treasurer be, and hereby is, authorized to give the note or notes of the city for the amount, at a rate of interest not to exceed four and one half ($4\frac{1}{2}$) per cent per annum.

Passed November 5, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to the compensation of the call men of the Berlin Fire Department.

Resolved by the City Council of the City of Berlin as follows:

That on and after the nineteenth day of November, in the year of our Lord, one thousand nine hundred and eight, that the compensation of the call men of the fire department of the city of Berlin, shall be so arranged that said men shall receive the sum of fifty cents per hour for each and every hour engaged in fighting fires, with the exception that during the first three hours the compensation shall remain as now fixed.

Passed, November 19, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to the compensation of the call men of the Berlin Fire Department.

Resolved by the City Council of the City of Berlin, as follows :

That on and after the nineteenth day of November, in the year of our Lord one thousand nine hundred and eight, that the compensation of the call men of the fire department of the City of Berlin, shall be arranged so that said men shall receive the sum of fifty cents per hour for each and every hour engaged in fighting fires, with the exception that during the first three hours the compensation shall remain as now fixed.

Attest,

P. J. SMYTH, *City Clerk*.

In the year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to the petitions presented to the City Council of said Berlin.

Resolved by the City Council of the City of Berlin, as follows :

That on and after the first day of December, in the year of our Lord one thousand nine hundred and eight, that all petitions which have been presented for the construction of sewers and sidewalks, and which remain on file, shall be given preference over those which may be presented at a later date.

Passed November 27, 1908.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION relating to the money received in the police court of said Berlin.

Resolved by the City Council of the City of Berlin, as follows :

WHEREAS the appropriation of the police department [is about exhausted and

WHEREAS certain fines have been received by the police court of said Berlin, and

WHEREAS said money is now needed in meeting expenses of said department :

THEREFORE, be it Resolved that the police judge of the police court of Berlin be requested to turn over as soon as possible all moneys now in his hands, to the city treasurer, so that the same may be used in said department.

Passed December 3, 1908.

Approved,

F. D. BARTLETT, *Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

In the Year of our Lord one thousand nine hundred and eight.

A RESOLUTION relative to the police department of said city of Berlin.

Resolved by the City Council of the City of Berlin, as follows :

WHEREAS, The appropriation of the police department of said Berlin is about exhausted, and

WHEREAS, The city council believes that certain sums may be saved to the city by having the regular patrolmen do certain work, and not allowing specials to do such; therefore be it

RESOLVED, That the police commission be requested to see that all work possible and consistent with the duties of regular patrolmen, shall be done by them in the future; be it further

RESOLVED, That the city clerk be and hereby is instructed to send a copy of this resolution to each of the police commissioners of said city.

Passed December 3, 1908.

Approved,

F. D. BARTLETT, *Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

In the Year of our Lord one thousand nine hundred and nine.

A RESOLUTION recommending the re-appointment of Edmund Sullivan as Police Commissioner of the City of Berlin.

Resolved by the City Council of the City of Berlin, as follows :

WHEREAS the term of office of Edmund Sullivan is about to expire as Police Commissioner of the City of Berlin, and

WHEREAS it is our belief that during the time he has held said office he has discharged his duties as Police Commissioner faithfully

and impartially, and to the general satisfaction of the people of this city.

THEREFORE, be it Resolved that it is the sentiment of this Council that the Governor of New Hampshire be and hereby is requested to re-appoint the said Edmund Sullivan at the expiration of his term of office, to succeed himself as police commissioner of the city of Berlin: and be it further Resolved that the city clerk be instructed to forward a copy of this resolution to the Honorable Henry B. Quinby, governor of the State of New Hampshire.

Passed January 28, 1909.

Approved,

F. D. BARTLETT, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the Year of our Lord one thousand nine hundred and nine.

A RESOLUTION relating to the abolishment of the Police Commission of the City of Berlin.

Resolved by the City Council of the City of Berlin, as follows:

WHEREAS there seems to be a feeling of general dissatisfaction among the people of this city respecting the way the Police Department is and has been run by the Police Commissioners; and

WHEREAS under the present feeling of dissatisfaction we believe that under our institutions the people ought to have the right to determine by vote whether they wish to have the present arrangement of managing and controlling the Police Department of this city continued; and

WHEREAS we have already recommended to the present Legislature that changes be made in the City Charter in certain respects; therefore be it

RESOLVED that a Committee with the City Solicitor be and hereby is instructed to draft a bill, so that the same can be presented to the present Legislature and considered in connection with the other proposed amendments to the City Charter, giving the voters of this city the right to determine by vote at the municipal election to be held on the second Tuesday of March, 1909, whether they wish to accept an amendment to the City Charter in lieu of the act creating the Police Commission of the City of Berlin in the year 1905; and be it further

RESOLVED that a copy of these resolutions be forwarded to His Excellency the Governor of the State of New Hampshire, request-

RESOLUTIONS.

P. J. SMYTH, *City Clerk.*

Cemetery Association.

Rules and Regulations of the Berlin Improvement Society and Annual Report.

SECTION 1. The Berlin City Cemetery shall be under the superintendence and control of a board of three persons, consisting of a President, Secretary and Treasurer, and shall be known as the Berlin Cemetery Improvement Society, of which the Mayor shall be an ex-officio chairman, to whom shall be entrusted the entire management and exclusive control and improvement of said cemetery subject to the control and direction of the city council, but no charge or expense to the city shall at any time be created or incurred by them in the premises without the authority or approval of the city council of the city of Berlin.

SEC. 2. All applications for the purchase of cemetery lots shall be made to the President of the Improvement society, having charge of the cemetery, who shall give to the person applying on order on the city clerk for a deed, stating the number of the lot and its price. The city clerk upon the receipt of such an order and satisfactory evidence that the price has been paid shall deliver a deed of such lot, signed by the mayor and countersigned by the city clerk, to the person so applying.

SEC. 3. The owner of any lot shall have the right to use the same for the burial of the dead, for the erection of suitable stones, monuments or tombs, for cultivation of shrubs, plants and flowers, subject to the supervision of the committee.

SEC. 4. If any lot or avenue shall be injured or materially incommoded by means of any shrubbery or other object in or upon an adjacent lot, the owners shall be required to have it removed and in case of failure to do so it shall be the duty of the committee to cause it to be removed.

SEC. 5. If and effigy or structure of any kind, which may be placed upon any lot, shall be decided by the committee to be offensive it shall be the right and duty of said committee to cause such objects to be removed, and no fence shall be placed or erected on or around any lot.

SEC. 6. The price of single lots (10x20) shall be ten dollars (\$10), no lot shall be sold far less than its appraised value. All money

arising from the sale of lots in said cemetery shall be used for improving and ornamenting the cemetery grounds.

SEC. 7. A certain portion of the cemetery shall be set apart for a common burial ground in which strangers and persons of the city other than owners of lots may be buried. No person shall take or hold any lot for free burial purposes except designated places as shall be determined by the committee. A person wishing only a single grave can purchase the same for the sum of three dollars (\$3 00) in such place as shall be determined by the committee.

SEC. 8. A person wishing a grave dug, or work of any kind done on his lot must present his deed to the sexton or person having charge of the cemetery before the work is commenced, to prevent mistakes.

DEPARTMENT REPORTS.

Assessors' Report.

BERLIN, N. H., February 15, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

As a matter of duty we herewith submit our report for the year 1908 and in so doing we would recommend that there is very much need of a city registry where all transfers of property should be recorded according to law for the convenience of the board of assessors and for the safeguarding of the city's revenue.

We encountered much trouble and delay in finding the right owners of property, more especially the owners of vacant lots and unimproved land, also money at interest. In the case of pledged bank stock we would recommend that it be reported as pledged at some given date as early as possible after the board qualifies for duty.

We believe that the matter of money at interest and bank stock should not be neglected as it generally has been, to the great annoyance of the board of assessors, causing a large amount of work and numerous errors.

Finally we do not believe that the owners of bank stock should have unlimited time to come before the board and swear it pledged.

We desire to express our gratitude for the favors and assistance we received from the citizens in general while in the performance of our duties as assessors.

Respectfully submitted,

E. E. PIERCE, JOHN HAYES, ARTHUR LANDRY,	} Assessors.

City Solicitor's Report.

BERLIN, N. H., February 15th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

Herewith I beg to submit my report as City Solicitor of the City of Berlin for the year ending February 15th, 1909.

On the first day of April, 1908, the following suits were pending against the City of Berlin.

Evan Johnson vs. City of Berlin.
Erick Erickson vs. City of Berlin.
Emily C. Paine vs. City of Berlin.
Peter Levasseur vs. City of Berlin.
Charles F. Jolbert vs. City of Berlin.
Cyril Brooks vs. City of Berlin.
John D. Lary vs. City of Berlin.
C. C. Gerriah & Co. vs. City of Berlin.
Demers Nedeau vs. City of Berlin.
Sarah Wertheim vs. City of Berlin.
Harris Wertheim vs. City of Berlin.

A hearing has been held in the case of Emily C. Paine which was an appeal from the laying out and the assessment of damages for land taken in connection with the contemplated road over Cates Hill.

After this hearing the County Commissioners filed a report in which they ordered the road to be laid out and Mrs. Paine awarded \$200 damages. I do not understand that the said Emily C. Paine desires this road to cross her land and while it might be somewhat presumptuous on my part, I feel justified in recommending that an appeal be taken from the report filed by the commissioners, and a request be made that the matter be laid before a jury, or the road discontinued as the expense of maintaining and constructing such a road is enormous and should be given careful consideration.

The matter of John D. Lary against the City which was pending at the time I made my last report, originated from the extension of Pleasant street whereby the city made use of property owned by the said Lary and awarded him forty-five hundred dollars, for the same. Subsequent to that report he instituted a second suit against the City by reason of this matter and after careful investigation by

the committee appointed to look into the same it was decided to pay the petitioner a further sum of five hundred dollars making a total of five thousand dollars for both suits, in consideration of which he released all claims which he might have had against the City of Berlin by reason of said extension and taking property owned by him, giving in addition a deed of said property.

The case of Demers Nedeau arose from the extension of York street, and was investigated by the same committee, and the petitioner was allowed eight hundred dollars in full satisfaction of any and all land which the City used in making said extension, and in addition quitclaimed his right to the land to the City.

The case of Cyril Brooks in an action for trespass against the City whereby he maintains that the City has converted to its use certain land on Main street. The case is still pending in the Superior Court.

The petition of the late Sarah Wertheim was an appeal from the assessment of taxes, and upon a hearing in the Superior Court the presiding justice issued an order that the assessed valuation be reduced from fourteen thousand dollars to thirteen thousand dollars.

The petition of Harris Wertheim was one of similar nature and after the decision in the foregoing case the latter was settled by agreement, the valuation being reduced from ten thousand dollars to seventy-five hundred dollars.

The case of C. C. Gerrish & Co. was also an appeal from the assesment of taxes and upon a hearing during the April term of the Superior Court the valuation was ordered reduced from twenty-five thousand dollars to twenty thousand dollars.

The case of Charles F. Jolbert was a petition asking for the removal of a sewer which the plaintiff contended the defendant maintained illegally through his premises, and upon a lengthy hearing the Court found that the City was on the plaintiff's property without right and ordered the removal of the sewer.

During the past year the following persons or corporations have instituted suits against the city:

Foss T. McNally
Joseph Clouthier
John Goebel
Anna Lessard
Lawson C. Beattie
Harry Hazzard
George E. Oswell
Francis X. McHale

Llewellyn Morse
David Guay
Peter Levasseur
Simon Stahl and H. E. Stahl.

The case of Foss T. McNally was similar to those he has had against the City for damage to his property known as the New Revere House. It was deemed advisable by the City Council to appoint a committee to look into the matter, and this committee decided to refer the matter to arbitrators and this was done by agreement with the plaintiff, and a hearing was held before Charles S. Clarke, George W. Gordon and Wilfred A. Hodgdon, and they awarded McNally nine hundred fifty-three dollars and fifty cents. The new sewer which has been laid in that vicinity will undoubtedly prevent further trouble.

The cases of Joseph Clouthier, Anna Lessard, Harry Hazzard, Lawson C. Beattie, George E. Oswell and Francis X. McHale are all for alleged damages to the property of the various plaintiffs, caused as they claim, by flowage of surface water upon these premises.

The case of Harry Hazzard was one caused by the plugging up of the surface drain and inasmuch as the drain in question has been repaired the committee appointed by the Mayor deemed it advisable to settle the case for seventy-five dollars, being about the actual amount of damage which the plaintiff sustained.

The case of George E. Oswell was settled by the committee appointed by the Mayor to look into these matters, for one hundred dollars, they having been of the opinion that the plaintiff sustained this amount of damage and owing to the further fact that there might be some question of liability on the part of the City. I understand further that conditions affecting this case have also been remedied, so that a recurrence of this matter is not likely.

The case of John Goebel against the City was also one brought to recover damages for alleged negligence on the part of the City for allowing surface water to run on his land, but this suit was settled after a conference between Mr. Goebel and the committee. The City desired a right of way through his property for the new sewer which was laid in that vicinity with a right to forever maintain and repair the same, and paid Mr. Goebel two hundred dollars for such a privilege and as a further consideration he dismissed the suit against the City.

The case of Llewellyn Morse is one where the plaintiff's sleigh and harness were damaged on Main street by reason of an accident, for which he alleges the City is responsible.

The case of David Guay is an action in trespass against the City wherein the plaintiff alleges that the defendant has converted to its use certain land belonging to him and situated on Hillside avenue.

The case of Simon and H. E. Stahl is an appeal from the assessment of taxes.

All of the above cases will be in order for trial at the April term of the Superior Court.

The second case of Peter Levasseur is one similar to the suit which was pending April 1st, 1908, and both were tried in the Superior Court and judgments were rendered against the City. Upon an appeal to the Supreme Court these decisions were reversed and judgment ordered for the defendant in both cases.

After numerous conferences relative to the four suits which were instituted against the United States Fidelity & Guaranty Co. of Baltimore, Maryland, to recover on certain bonds, I effected a settlement of all four cases, with the approval of the Mayor and City Council, for eight thousand two hundred and fifty dollars. (\$8250.)

During the past year considerable effort was made through this office to have the Grand Trunk Railway System establish gates or some other method of protection at the crossings on Hillside Avenue, Willard Street, High Street, Pleasant Street and Main Street, and the officials of the road came here twice and investigated the matter. Propositions were submitted to the City Council by them, but were rejected, and in accordance with a vote taken by the Council, I appealed to the State Board of Railroad Commissioners; but they informed me that they had no jurisdiction over the matter at the present time. I, therefore, instituted a suit against the Railroad in accordance with a section of the Public Statutes governing such matters and the case is now pending.

The city is also plaintiff in actions against Joseph Guay and Ella M. Beattie for taxes claimed to have been illegally abated. These cases will be in order for trial at the April Term of the Superior Court.

In addition to the above litigation considerable attention has been given to the preparation and trial of cases in the Police Court.

Respectfully submitted,

MATTHEW J. RYAN, *City Solicitor*.

SIXTEENTH ANNUAL REPORT
OF THE TRUSTEES OF THE
PUBLIC LIBRARY
OF THE
CITY OF BERLIN, N. H.
FOR THE FISCAL YEAR ENDING

FRANCES S. BOOTHBY, *Librarian*.
ADRIA A. HUTCHINSON, *Assitant-Librarian*.

Report of Library Trustees.

BERLIN, N. H., February 15, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

The trustees of the Free Public Library of the City of Berlin herewith submit their sixteenth annual report of the financial condition of this department together with other information and suggestions and append hereto the report of the librarian.

The affairs of this department have, in the main, progressed in a satisfactory manner throughout the year. Both the librarian, Miss Boothby, and the assistant librarian, Miss Hutchinson, have been faithful and efficient in their duties and have worked in all ways for the benefit of the library patronizing public. During the summer of 1908 Miss Hutchinson took an extended course at the Chataqua Institute at Chataqua, N. Y. for the purpose of further training in her work.

The trustees feel that the janitor work in the care of the library building should be done without expense to the city. The central fire station is located directly across the street from the library and the fire department could, in our opinion, without inconvenience, care for this building and thus save to the city the amount we are now paying for janitor service. We attempted to bring about this arrangement last fall but owing to the fire department failing to co-operate with us we were unable to do so. We would call this matter to the attention of the Mayor and Council and request that they look into the proposition and see if some arrangement cannot be made.

In the spring of 1908 we requested a special appropriation of \$400 to furnish the room in the basement for a children's room, but the Council felt that the amount could not be consistently appropriated at that time. We again urge upon you the necessity of this work being done at an early date and trust that you may see fit to make such an appropriation this spring so that the present crowded condition may be relieved.

With care and economy the regular appropriation of \$1700 can be made to pay the running expenses of the library, but it leaves only a comparatively small amount for the purchase of new books. The library should have at least \$2,000 for its regular appropriation in

order to pay running expenses and increase the efficiency of the department in a reasonable way. We desire to ask that this amount be appropriated for the coming year.

February 15, 1909, Balance cash on hand.....	\$ 264 25

At the beginning of the year the board organized with Louis M. Laplante as chairman, William W. Burlingame as treasurer and Oliver H. Toothaker as secretary.

The statistics of circulation and other data of the library may be found in detail in the report of the librarian which is appended herewith and made a part of this report.

LOUIS M. LAPLANTE,	} Trustees.
WILLIAM W. BURLINGAME,	
OLIVER H. TOOTHAKER,	

LIBRARIAN'S REPORT.

BERLIN, N. H., February 15, 1909.

To the Board of Trustees of the Free Public Library :

GENTLEMEN:—I herewith submit the sixteenth annual report of the Free Public Library of Berlin.

The statistics are as follows :

Accessions.

Number of volumes February 1, 1908.....	6,387
Increase by purchase.....	315
Increase by gift.....	28
Total increase.....	343
Number of volumes February 1, 1909.....	6,730
Number of books added to replace books worn out.....	65
Number of books rebound.....	92
Number of books lost or missing.....	3
Number of books worn out and destroyed, not yet replaced.....	11

Circulation.

Number of volumes delivered from main desk.....	18,795
Number of volumes delivered from children's desk.....	11,518
Total circulation.....	30,313
Largest circulation in one day, January 2, 1909.....	229
Largest circulation in one month, March, 1908.....	2998
Number of days open to public.....	303
Average circulation per day.....	100
Percent of fiction delivered at main desk.....	67
Percent of fiction delivered at children's desk.....	86
Number of pockets in actual use.....	2,047
Number of non-fiction pockets in use.....	289
Number of study pockets in use.....	98
Number of magazine pockets in use.....	58

Circulation by Classes.

Fiction.....	22,566
General.....	3,219
History.....	865
Travels.....	727
Literature.....	533
Natural science.....	489
Biography.....	399
Fine arts.....	393

Useful arts.....	335
Social science.....	257
Religion	168
Philosophy.....	161
Satire and humor.....	145
Philology	56
Total	30,313

Financial.

RECEIPTS.

Fines	\$ 97 42
Books lost or damaged and paid for.....	5 92
Balance from 1908.....	14 68
Total	118 02

EXPENDITURES.

Cleaning.....	\$ 35 20
Express and freight.....	8 41
Sundries.....	14 19
Total	\$ 57 80
Received from trustees on account.....	57 80
Paid to trustees.....	114 00
On hand.....	4 02

INVENTORY.

Valuation of building.....	\$17,000 00
Valuation of fixtures.....	2,000 00
Valuation of pictures and busts.....	1,500 00
Valuation of books	6,750 00
Total.....	\$27,250 00

Books have been donated as follows :

Hon. George E. Hutchins.....	1
U. S Government.....	4
Baker & Taylor Co.....	1
Mrs. H. N. Cordwell.....	1
Working Men's reading room.....	3
Bureau of Railway News.....	1
W. C. T. U.....	1
State of New Hampshire	3
Miss Gussie Wertheim.....	1
Mr. Geo. Lansing Raymond.....	3
Supt. of Immigration, Ottawa.....	1

Dr. Andrew Carnegie.....	1
Mr. T. A. Green.....	1
Library of Congress.....	1
Harvard University.....	1
Mr. O. H. Toothaker.....	4

Current numbers of magazines have been donated by Mrs. Holman Drew, Mrs. J. D. Holt, Mrs. M. W. Burlingame, Mrs. H. N. Cordwell, Mrs. Persis G. Clark, Mrs. Maude C. Barney, The St. Cecilia club, The Workingmen's Free Reading room.

We gratefully acknowledge the privileges of inter-library loans from the Boston (Mass.) Public library and the New Hampshire State library.

The statistics as to the number of pockets in use do not show the actual increase in number of registered patrons, as over three hundred and fifty old pockets have been destroyed this year, and the numbers recorded to be given out to new patrons.

The picture collection has been enlarged by adding such stereographs as best illustrate the various industries studied in the grade schools. The teachers have found these very satisfactory, and the general public, as well as the students, would find stereographic views of travel aid in reference work.

The reference department has made the usual healthy progress. The students have seemed this year to know more about doing reference work in a systematic way. It is to be regretted that the library cannot have an attendant whose sole duties shall be to develop and improve this phase of the work.

Our plea for the coming year, in addition to our annual and time-honored request for a ventilator, is an earnest and ardent one for more money. Could the city council realize our great need, the appropriation for 1909, we are sure, would not be less than \$2000.00. We need extra funds this year to bind the many magazines which now occupy so much space in the basement. Much unnecessary labor and time are expended in handling volumes which should be shelved in the reference room. We need more money to buy adult books. "The Circulating Library" has, to some extent, lessened the demand for late fiction, but there are still many more calls than we can satisfy. It would not be desirable, perhaps, to purchase duplicate copies, even had we the funds, but monthly, or more frequent installments of reasonable size would help solve the problem. After the bindery bill of \$50, and the magazine subscription bill of \$50 have been deducted, the \$500 allowed as a book fund becomes very insufficient in a library of this size.

But above all, we need money for furnishing the new room in

the basement, for the children. The work in this department is suffering. Last year we reported an increase of over 1500 in the juvenile circulation, and this year we must report a most deplorable decrease of 650. We had done all that was possible in the present quarters and the children were justly expecting what had been promised them. Had this new room been ready for occupancy when the schools opened in September the work could have been carried on as planned. At present books are stacked on top of the cases for want of shelf room, and we have no "story hour" to attract and entertain the small patrons. This feature was discontinued because we could not possibly accommodate 250 children in our room planned for fifty. This need is not new, nor unknown, and that the cause is worthy of support has been proved by the success in the past.

Respectfully submitted,

FRANCES SARGENT BOOTHBY, *Librarian.*

TWENTY-FOURTH ANNUAL REPORT
OF THE
BOARD OF EDUCATION
OF THE
CITY OF BERLIN, N. H.
FOR THE FISCAL YEAR ENDING
FEBRUARY 15, 1909.

ORGANIZATION.

LOUIS B. MARCOU.....Term Expires March 1909
DANIEL I. DALEY.....Term Expires March 1910
HENRY M. MOFFETT.....Term Expires March 1911

Report of Board of Education.

BERLIN, N. H., February 15, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

The twenty-fourth annual report of the Department of Education is herewith submitted by the committee for the year 1909-10.

Calendar for the Year 1909-10.

Winter term closes Friday, March 26, 1909.

Spring term opens Tuesday, April 6, 1909.

Spring term closes Friday, June 18, 1909.

Fall term opens Monday, August 30, 1909.

Fall term closes Friday, December 17, 1909.

Winter term opens Monday, January 3, 1910.

Winter term closes Friday, March 18, 1910.

Spring term opens Tuesday, March 29, 1910.

Spring term closes Friday, June 10, 1910.

The past year has been one of advancement in the rounding up of plans already under way and has shown clearer than before the firm basis upon which the whole system of Berlin's public schools rests.

We have been unusually fortunate in retaining a very large per cent of last year's teachers, and this is largely owing to our plan of salary advancement, based upon the recognition of worth as well as length of service. The point of most rapid development this year has been in the High school, and so rapid has been its growth that another year will see our new building filled almost to overflowing. It is now evident that a permanent full-time teacher must be secured next year in addition to the regular number employed this year. There is every reason to expect at least 210 pupils in next September's enrollment; an increase of three hundred and fifty per cent in six years.

Financial.

The financial side of the work we believe has been very satisfactory. The accounts this year as well as last have been kept by the pupils of the Commercial course of the High school, under the supervision of the superintendent, and the system of accounts are

now models of conciseness, yet are complete and give at a glance the exact standing not only of the department, but of each separate subdivision. This enables us not only to keep well within our estimates, but has also made the detection of overcharges and other errors possible. The advantage to the commercial pupils is very great. It is their business to see that certain regular bills are made out, are approved, and presented to the city council for payment. There is a regular routine of recording, posting and verifying of these accounts, and since all of this is real business with real people and must be passed upon, first by the commercial teacher, next by the superintendent, next by the Board of Education, and finally by the committee on accounts and claims, it necessarily follows that a premium is placed upon accuracy. Very few errors are found in the work, and we feel convinced that when these pupils graduate they will be able to fill responsible positions satisfactorily.

ESTIMATES AND EXPENDITURES.

The following estimates were given the Finance Committee in March, 1908 and along side are given the actual expenditures with the overdraft or underdraft.

ACCOUNT	Estimate Given Council	EXPENDITURES			Underdraft	Overdraft
		Ordinary	Ext'ordinary	Total		
Teachers.....	\$19,000 00	\$18,159 18		\$18,159 18	\$ 840 82	\$
Janitors.....	1,800 00	1,795 27		1,795 27	4 73	
Trauant Officers.....	400 00	370 00		370 00	30 00

Tuition.....	none	130 00		130 00		130 00
Total.....	\$29,625 00			\$28,865 19	\$ 2,165 13	\$ 1,405 32
Balance unexpended.....					759 81	

The chief overdrafts are as follows, and although the total underdraft exceeds the total overdraft by* \$759.81, yet an explanation of the larger overdrafts is in order.

Under the head of equipment are included that for the chemical laboratory, physics laboratory, Mechanic Arts shop, and commercial room, as well as the usual schoolroom equipment of desks, seats, etc. In chemical equipment our expenditures are slightly under the estimate, but in the physical laboratory it was found necessary to secure some apparatus not included in our estimate, and this because the classes were larger than were expected. In the commercial department there were so many in the typewriting classes that it became necessary to add two typewriters. The chief overrun, however, is in the Mechanic Arts department and in construction and repairs. The development of the former has been so unusual and the success so great that, in order to give the boys taking that course a reasonable opportunity to perfect their training, an additional engine-lathe was absolutely necessary, and a bench planer equally needed. One of these machines was included in the estimate, the other was not, but both are now in constant use and will be so long as forty or more boys elect this practical form of education.

Under transportation there is a seeming overdraft, but in reality such is not the case. The so-called Wheeler school being discontinued, the pupils from that district are now transported to the city schools, so that this \$125 of seeming overdraft should come out of the unexpended balance for salaries, because a teacher was dispensed with whose salary would have been a little more than \$125. The largest apparent error in the estimate is in construction and repairs, but this overrun of \$506.63 includes an item of \$197.74 left from the unpaid bills of the High School Construction Account of 1907, \$92.83 for boiler-room fire proofing done in 1906, but not provided for by any appropriation of the City Council, and three items of repairs, one of which amounting to \$176.97, was made necessary by the formal complaint of the Board of Health concerning the plumbing at the Cole school house; one of \$118.08 for painting the exterior of the Brown school house; and one for \$112.20 for painting the Cole school house. These school houses had not been painted for from seven to ten years, and their present appearance compared with that previous to painting must justify the expenditure. Another item for which no estimate was made was the cost of grading the High school lot. It was expected that this work would be provided for by a special appropriation, but when the last weeks of October came, and the same unsightly rocks and rubbish were

the only evidences of a possible next year's lawn we felt obliged to complete the work. One item in this connection, namely, the granite curb parallel with the line next to Mr. Haggart's, we believe will prevent water from flowing on to adjoining lots, and thus save future damage suits, a matter of no small importance in Berlin. This grading thus far completed has cost \$272.60, not counting at least \$100 worth of work done by the janitors during the vacation. This entire outlay of \$968.42 we considered necessary, and in the end a saving to the city.

We invite your attention to the acknowledged high standing of our schools. No one can be ignorant of the fact that they stand close to the top in efficiency. Where ever we go in New England the reputation of our schools has gone out, and this to the credit of the city. In the line of industrial education, that is manual training and Mechanic Arts, they are probably unexcelled in the United States for general educational efficiency, and are rapidly becoming known as models of what this work ought to be. In proof of this we refer you to the last report of the Bureau of Labor, and to that of the State Supt. of Public Instruction, and further to the fact that superintendents of schools visit or write us for the purpose of getting data to enable them to introduce similar work in their towns.

The following is a condensed statement of the financial standing for the year.

Funds appropriated and others by law and custom previously devoted to school purposes.	
Appropriated by Council and raised by tax.....	\$ 25,000 00
Savings bank tax.....	2,665 89
Literary fund.....	705 60
Railroad tax.....	675 74
Building & Loan tax.....	28 26
Dog tax.....	663 20
Licenses for hacks, pool tables, etc., formerly devoted to schools (Approximately).....	400 00
Tuition.....	448 00
Total.....	\$ 30,586 69
Expended.....	28,865 19
Balance unexpended.....	\$ 1,721 50
Estimated expenses as reported to the Council in March, 1908.....	\$ 29,625 00
Expended.....	28,865 19
Balance saved.....	\$ 759 81

Spent last year.....	\$ 29,662 13
Spent this year.....	28,865 19
Saved over last year.....	\$ 796 94

Statistics.

Statistics from the Report sent to the Department of Public Instruction, August 1, 1908.

Population of Berlin.....	13,688

LOUIS B. MARCOU,	} Board of Education.
DANIEL J. DALEY	
H. M. MOFFETT,	

Superintendent's Report.

BERLIN, N. H., February 15, 1909.

To the Board of Education :

"

It is now five years since the work of reorganization of the public schools of this city came into my hands, and during that time many changes have been made in the general plan; the most convincing proof of progress that we have is perhaps the fact that pupils stay in school and come into the High school year after year, better and better prepared to take up and master the more exacting work.

Last year 98 percent and this year 100 percent of those promoted from the eighth grade entered the High school. Last year a few, chiefly from disinclination to work were dropped, but this year every pupil has remained in the Freshman Class, thus far. Five years ago there were 59 pupils in the High School; now there are 174; then about 35 per cent. of the ninth grade graduates entered High school, now 100 per cent. have so entered. There is nothing in the plan or detail of the work of today that bears much resemblance to that of the former period; whether the change is for "better or for worse" I leave for others to say, merely remarking in passing that the reputation of Berlin schools is not confined to New Hampshire or New England. Superintendents of other schools come here for the purpose of studying our work and they endeavor to establish similar work for themselves.

This reputation for excellence we must maintain and though much has been accomplished, there are possibilities that far exceed past accomplishments and they are wholly within the ability of this city to realize. Our expenses are not excessive; in fact the cost per capita, as well as the cost per pupil, is far less than in many other places where much less is accomplished.

There has been a substantial increase in the salaries of teachers and the city is getting a full equivalent for this increase. It has now reached a point in the development of our schools when the new teacher, if inexperienced, must be of exceptional ability or she must have had experience in other than mediocre schools, if she is to hold the work up.

I believe there is not a better teaching force in New England, and in this opinion I have corroborative evidence of a high order

from an educator from another state who has had wide experience. In loyalty to the city and schools they are above reproach. All this has been made possible by the Board of Education who have invariably turned down the incompetent and re-elected successful teachers. At times we have lost teachers through higher salaries or when manifestly better opportunities have been presented; notably the past year when Miss Murray accepted a splendid position as teacher in the State Normal school; but in general the Board have increased salaries in accordance with a definite salary plan, until today they hold teachers such as we need.

Once more I wish to call your attention to some comparative statistics. The figures are taken from the latest report of the Bureau of Education at Washington.

b. Total expenditure for schools per capita of total population in	
United States	\$3 90
New Hampshire	3 35
Massachusetts.....	5 87
New York State.....	6 34
BERLIN, N. H.....	2 11
Manchester	2 28
Rochester.....	2 73
Dover.....	2 94
Nashua	2 95
Laconia.....	3 10
Keene.....	3 89
Concord.....	4 52
Portsmouth	4 57

This table means that each individual in Berlin pays less for the support of schools than is paid in any other city in the state, indeed he pays only three-fifths as much as the average citizen in the state, 36 per cent. as much as the average in Massachusetts, and only one-third as much as the average in New York.

The cost per pupil for maintaining schools is another test of economical management provided the schools are efficient. Of course a system of very poor schools might be maintained at a low cost, but since Berlin schools, so far as I know, are not considered by anyone to be below the standard of the best in the state these figures are convincing :

COST PER PUPIL

Laconia.....	\$18 70
Rochester.....	19 21
Keene.....	24 59
BERLIN.....	24 97

Nashua	\$ 25 16
Manchester	25 21
Dover.....	25 26
Concord.....	28 17
Portsmouth	30 06
New Hampshire average	29 27
Massachusetts average.....	43 63
New York state.....	51 50
United States	27 98

This showing is a favorable one and is a sufficient answer to the occasionally heard criticism that there is extravagance in this department.

Plays and Games Used at the Recess Hour.

For the past two summers my work with the Pittsburg Playground Association has convinced me that the mental, as well as the physical development of children, may be accomplished through the play instinct, which is very strong in all normal children.

This form of educational activity has been carefully studied by Supt. Geo. E. Johnson of Pittsburgh, Pa., and his investigations have been embodied in a book, the title of which is "Education Through Plays and Games." This book we have placed in the hands of every grade teacher and we have also provided a limited amount of apparatus for the simpler games adapted to the higher grades. The result has been nothing less than wonderful.

The usual difficulties which have made the recess a source of trouble both to teachers and pupils have almost disappeared and the interest and enthusiasm with which these semi-organized plays have been taken up confirms the opinion formed at Pittsburgh, that children learn to adjust mind and muscle, train the judgment and gain will-power more readily, through games than through any other channel.

The plan, so far as worked out, consists of out-door basket-ball, for the eighth grade girls; foot-ball and baseball for the seventh and eighth grade boys; volley-ball for the sixth and seventh grade boys and girls; medicine-ball, stride-ball and relay races for the fifth grades. Below the fifth grade, the games are mostly without apparatus, although bean-bags and quoits are being used, and many other similar games.

Teachers have noted and spoken of the change in the school spirit and of the beneficial effect upon discipline, brought about through the adoption of this work. It only remains for us to adapt and adjust this work and above all, keep it full of that spontaneity which must always characterize true play.

Manual Training.

It is now almost five years since the first class in Sloyd first entered the manual training room in the old Marston school. There has not been a single moment when the success of the movement has been in doubt. From the first the interest of the classes has been a sure guaranty of results. One of the immediate effects was the check on that too common falling out of school in the two higher classes. Boys in the seventh and eighth grades, now plan and expect to remain in school and the Sloyd work is, to a considerable degree, the controlling cause. This truth is evidenced by the large number of requests of the sixth grade pupils to be allowed to take Sloyd, and it is now time to consider plans for making this possible.

Two Plans For Improving the Course.

One of the two plans should be adopted: either the girls should be given a course in domestic science, sewing, cooking, etc., and the wood work confined to the boys, in which case the three upper grades could be taken care of, or provisions should be made to handle all of the girls and boys in these same three grades.

Educationally considered, the latter is the better policy. Girls, more than boys, need the Sloyd training. It gives an adjustment to the larger muscles, strengthens the back and arms, straightens the shoulders and it also causes mental action of a nature which tends towards the establishment of that peculiar quality known as "gumption," as much needed by girls as boys.

I should be sorry to recommend or see the girls deprived of the splendid physical and mental training of the sloyd room, but practical and administrative considerations, point to the first alternative.

There is need of a course in domestic science in the High school, for there the radical changes which mark the period of adolescence demand a different course for girls than for boys. If a course in domestic science is to be a part of the High school work so that girls as well as boys, may have a choice, then the logical thing to do is to start the work in the grades, the same teacher supervising both. From the standpoint of economy, this is the better course also.

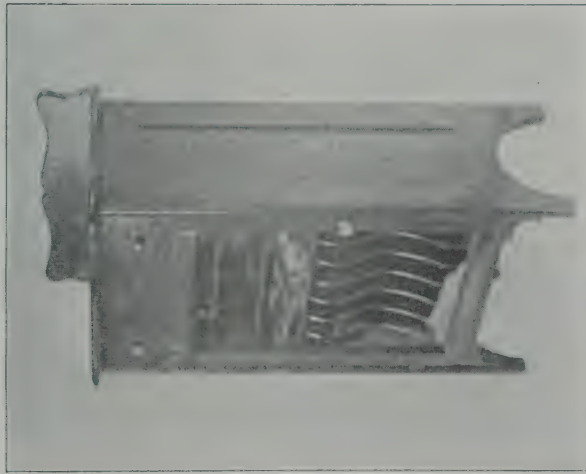

During the last half-year, a considerable change has been made in the models used in the sloyd room and as soon as possible, other improvements will be attempted. The reason for this is, that local requirements and the needs of the pupil, both in the home and in the Mechanics Arts Course, call for a somewhat different type of activity than were demanded where the sloyd models and methods

CUT No. 9—FORGE ROOM.

CUT No. 10—MACHINE ROOM.

originated. If we can start the tool work in the sixth grade and continue it for three years, much of the elementary cabinet work of the first year of the High school can be accomplished in the grades, leaving almost a year for yet more advanced work in the M. A. department.

There is not apparent at present, any limit to the possibilities of this department and when I contrast the so-called Mechanics Arts course that I took in college, thirty years ago, with that now taken by the boys in the Berlin High school; I am amazed at the infinite superiority of the latter over the former. Then I "studied" the engine lathe from a picture in a book of somewhat ancient origin and under teachers who neither understood nor could use it. We "read" that certain colors in tempering steel indicated degrees of hardness, suited to various uses, but we never "saw" these colors or "tested" the hardness and so on to the end of the farce. Contrast with this the work that our boys are doing in *cabinet making*, as shown by cuts number one, two, three, four, five and six, *wood turning*, where all sorts of things are made from wood. *Pattern making*, for a purpose, see cut eight. *Forging*; At the anvil the metal is worked into the form desired, and if of steel, is tempered and tried. *Lathe work*; On this "king among the machinists tools," the engine lathe, metal is turned, drilled, tapered and polished. Here measurements as fine as 1-1000 and even 1-10000 of an inch are made; wood may be forced to a fit if too large, but iron and steel must be exact in size if they are to fit and the pupil soon learns this from experience. *Milling*; On the milling machine very intricate workings of metal are accomplished; taps and reamers are fluted as well as slots smoothed, holes bored and gears cut; indeed with the last two named machines and a fair amount of gumption, almost anything can be made out of metal.

This work carries with it a need of mathematics. To draft a gear requires accurate computation and to make a gear requires close working to the measurements computed. It will not be surprising under the stress of this necessity for mathematical knowledge, if a considerable range of algebra and geometry and probably trigonometry, now deferred until the college course, finds its way back into the High school.

The cuts herewith presented are loaned by the Department of Public Instruction and the Bureau of Labor and are presented in the hope that many of our citizens who have never visited the High school, may get an idea of the work as well as the equipment.

In two years more, if the present rate of progress is maintained, we shall have demonstrated the practicability of an industrial

education, that is as broad in every essential as are the traditional courses that have so long dominated the high schools, and shall have avoided going to the other extreme, the so-called "vocational education" that violates every principle of pedagogy as applied to high school pupils and undermines every tradition of our social and governmental fabric, dividing society into classes.

It is evident to me now, that the High school can and should accomplish practically all that our state colleges are now doing on the manipulative side, leaving the colleges to devote more and more of their time and effort to technical work, and I expect to see credit given in these colleges for this extra work so that the pupils may come earlier into remunerative service in the great industries, while for those boys who cannot afford a college course, I am sure this shop training will prove a stepping stone to success in life enabling them to forge ahead of their untrained associates into positions of responsibility.

During the last two and one-half years, the value of the things constructed in our Mechanics Arts shop has been nearly or quite \$700 and this value the City has saved, because the things made have been used in equipping every department of the school. Some of the cuts herewith presented show a part of the product. Concerning the cost of equipment, I quote from the Biennial report of the State Superintendent of Public Instruction.

¶ "The mechanic art work at the Berlin High school is discussed at length because it illustrates how much can be done without costly buildings and expensive machinery. So far as expense of installation is concerned, the same could be done in every city and village in New Hampshire whose needs would warrant a mechanic arts course at all."

Cost of Books and Supplies.

The relative cost of books and supplies this year and last shows a substantial saving.

	LAST YEAR	THIS YEAR
Cost of books per pupil in the grades.....	.25	.32
Cost of books per pupil in the High school	4.36	1.81
Average cost for all pupils81	.67
Cost of supplies per pupil in grades19	.11
Cost of supplies per pupil in High school ..	.31	.31

The total saving on these two items has been \$298.17.

The cost of instruction not including supervision has increased as would be expected when we consider the increase in teachers salaries. Last year the cost per pupil in the grades was \$10.39,

this year it is \$10.95. In the High school last year the same item was \$32.86 while this year it is \$37.54. This increase is the result of the addition of one teacher for about two-thirds time, a step that was absolutely necessary.

In this connection I wish to recommend an increase in the tuition charged to pupils from outside. The actual cost of instruction, janitor's services, supervision, fuel, books and supplies, electricity, water, etc., amounts to more than \$50.00 per pupil, and I recommend that beginning with next term the tuition be placed at \$1.30 per week or \$49.40 per year.

A Mechanic Arts Museum.

An important part of any education that has to do with materials and processes is an opportunity to see the raw materials and know their source, as well as see the various steps between this and the finished product. It is not possible of course to visit many manufacturing establishments but it is possible to gradually build up a *museum* showing the results of processes.

Through the kind assistance of Mr. Chandler of Chandler & Farquhar of Boston we have received a valuable collection of materials and products of the Norton Co. of Worcester, Mass., showing how grinding wheels and other like machine shop accessories are made, and from the Nickerson File Co. we have every step in file making illustrated from the steel blank to the tempered mill file.

Cabinets are being made to exhibit these things and in time a valuable collection can be secured with little or no expense.

School Room Decoration.

For two years now entertainments have been given by the grade pupils, the net proceeds going to establish a picture fund. This fund now is close to \$200.00 and we have recently ordered and received a splendid lot of framed pictures which will be hung within a few days, thus commencing a much needed system of school room decoration which future efforts on the part of the pupils can easily develop until our otherwise splendid school rooms become suitably provided with pictures, the educational value of which is unquestioned.

Again I wish to recommend that provision be made for suitably ventilating the Brown school house; the conditions there are, I believe, too unsanitary to be much longer justified on any ground and I hope provision will be made whereby about \$1000 may become available for this improvement.

G. H. WHITCHER,
Superintendent of Schools.

Principal's Report.

BERLIN, N. H., February 15, 1909.

Supt. George H. Whitcher :

Dear Sir : I consider it most complimentary to the spirit of vital interest in the school that of the possible 111 of last year's students, eligible to return this year, 106 did return and that from an enrollment this year to date of 175, 93 boys and 82 girls, 173 are now in school, two girls having moved out of the city. The number of pupils in the classes and respective courses are as follows :

	NO.	LATIN COURSE	COM. COURSE	M. A. COURSE
Seniors.....	25	13	8	4
Juniors.....	31	12	9	10
Sophomores.....	47	20	15	12
Freshmen.....	72	27	32	13
Total	175	72	64	39

At the close of the school year last year, four of the teaching corps of the High school, much to my regret, resigned for various reasons. It seemed at that time that a change in the teaching force would seriously hinder the rapid advance toward better conditions that had been, and was being made. I am pleased to report, however, that the new teachers are more than fulfilling my expectations ; and I do not hesitate to say that the High school teaching force at present is the most efficient one, taken as a whole, since my connection with the school.

Every department of the school is under an enthusiastic teacher and it has never been my pleasure to teach with so large a per cent. of pupils who are so interested in their work, and so enthusiastically interested, as I see now in this school. This speaks well for both teachers and pupils.

We are not satisfied, however, with all the existing conditions. There are still too many indifferent pupils ; there would be too many if there was but one ; too many with bad habits and low ideals ; too many who do such unsatisfactory work that it means repetition for them and hence a prolonged course before graduation ; too many whose parents are indifferent as to what they are

doing in school and allow them to go out evenings when and where they please. The evenings in consequence are spent anywhere but at home, and the school work the next day suffers. The pupil fails to meet requirements and is not promoted in one or two studies, perhaps not in any. When not promoted in any the injury, if any, is chiefly to the pupil himself. When promoted in one or two and not in others it necessitates the pupil being in two or more classes. This makes serious complications in arranging the school program as well as arranging the size of the classes for best efficiency. Because of such complications this year, some of our best students are the ones to suffer; and partly because of this the School Board has been obliged to hire an extra teacher. It is a question in my mind whether the City should be compelled to hire extra teachers because of some students who *could* do their work but because of indifference, lack of pride, and failure to appreciate their opportunities, do *not* do it.

A most radical change has been made this year in the method of teaching Latin and French in both the first and second years, but especially in the beginners classes. The method may well be called the "Natural and reasonable method" for it is in fact a reasonable way to teach and certainly a natural way. It is in line also with the method used in the grades, in teaching to read English; so that children coming from the grades to the High school and taking up a new language, find themselves learning it just as they learned their own. The new language is in consequence freed in part from its strangeness and to a large degree from its difficulties.

The result of the experiment with this method has exceeded my expectations. The progress in learning these languages has been remarkable. At this date the amount of connected Latin and French read by the beginners classes, and nearly all of it at sight as the method requires, far exceeds what would be read in an entire year by the old method. If the method had no other recommendation it would be enough that it has vitalized both Latin and French. Latin more than French probably, as it needed it more. With me the problem today in Latin at least, is not how to arouse interest and enthusiasm but how to restrain the enthusiasm aroused by the intense interest; a remarkable thing to say about a first year Latin class, but true nevertheless. I anticipate that the method will enable us to read in three years the same amount of Latin and French that now takes four years to read.

A change has recently been inaugurated in the method of taking up English, which we hope will enable us to do what we always

have been supposed to do, but have in my opinion signally failed in, viz : to create a love for the best literature. It is too early for me to report results from this method, but I am anticipating that they will be highly satisfactory under Miss La Dame's direction, and that in another year a decided success may be reported.

The graduating class of last year numbered 22, the largest in the history of the school. Five have gone to college or some advanced school and are maintaining an excellent standing. Most of the others have secured good positions in the city.

It is my purpose this year to apply for approval from the New England College Entrance Board that graduates of the Berlin High school may enter the New England colleges without examinations. Because of the excellent work done here and the good standing of our graduates I expect to obtain this approval.

We now have eight teachers in the High school ; nevertheless the Algebra, Geometry, French and English classes are too large to secure the best efficiency. The indications point to a very large entering class next September, which with those already in school will bring our number above 200. This number will absolutely necessitate a ninth teacher and for maximum efficiency, a tenth.

In closing this report, I desire to bear testimony to the increasing efficiency of those coming to the High school each year from the grades. There has been great improvement in this respect since three years ago.

Respectfully submitted,

F. S. LIBBEY, *Principal*.

Fire Department.

REPORT OF CHIEF ENGINEER.

BERLIN, N. H., February 15th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

In accordance with the law governing this department I have the honor to submit my annual report for the year ending February 15th, 1909, giving in detail the list of fires, the amount of insurance paid and the amount of loss.

There have been 65 alarms; three false, 32 still, and 30 fires as follows :

March 6, Edward Toussaint, bakery, damage \$42.07; insurance paid \$42.07.

March 6, M. Monahan, still alarm.

March 6, P. W. McHugh, still alarm.

March 6, T. H. Sampson, still alarm.

March 6, P. E. Beaudoin, chimney fire, still alarm.

March 10, Mrs. Ames, still alarm.

March 11, Cascade Power House, still alarm.

March 19, Edward Toussaint, still alarm.

March 21, Ouillette block, still alarm.

March 21, Mrs. W. N. Wilson, damage \$62.00; insurance paid \$62.00; still alarm.

March 23, Mr. Thorn, still alarm.

March 24, Gerrish block, still alarm.

March 26, William Addleson, damage \$292.05; insurance paid \$292.05.

April 9, Parent block, still alarm.

April 10, Gerrish block, still alarm.

April 12, Edward Toussaint, bakery and restaurant; damage to building, \$544.36; insurance paid \$544.36. Damage to contents, \$28.50; insurance paid \$28.50. E. Coulombe, damage \$196.00; insurance paid \$196.00. Jennie Morin, damage \$21.20; insurance paid \$21.20.

April 12, Sullivan block, damage \$258.00; insurance paid \$258.00. Carrigan & King, damage \$215.07; insurance paid \$215.07. P. J.

Martin, damage \$100.00; insurance paid \$100.00. Rose Babin, damage \$49.25; insurance paid \$49.25.

April 22, blind man, still alarm.

April 23, Heirs, Mary Wilson estate, damage \$722.80; insurance paid \$722.80. W. W. Burlingame, damage \$58.50; insurance paid \$58.50. M. W. Wardwell, damage \$76.70; insurance paid \$76.70.

April 23, L. C. Hodgdon, damage \$383.00; insurance paid \$383.00. J. A. Pickford, damage \$505.94; insurance paid \$505.94. Mrs. Annie Sullivan, damage \$55.00; insurance paid \$55.00. George S. Wilson, damage \$195.64; insurance paid \$195.64.

April 25, Louis Clarke, still alarm.

April 25, Central House, still alarm.

May 5, box 16, chimney fire.

May 11, Mr. Lord, chimney.

May 12, E. T. Valliere, damage \$216.00; insurance paid \$216.00.

May 13, Burgess mill, no damage.

May 24, Berlin Mills Co., no damage.

June 16, Philemon Tardif, damage to building \$90.00; insurance paid \$90.00; damage to contents \$23.50; insurance paid \$23.50. Arthur Tardif, damage \$85.00; insurance paid \$85.00.

June 17, Joseph Steinfeld, damage \$25.00; insurance paid \$25.00.

June 26, F. T. McNally, no damage.

June 27, Joseph Steinfeld, still alarm.

July 11, Berlin Mills Co., no damage.

July 16, brush fire, no damage.

July 17, Alphonse Jolin, damage to building \$269.00; insurance paid \$269.00; damage to contents \$294.25; insurance paid \$294.25.

July 30, P. F. Hinchey, stable, damage \$889.52; insurance paid \$889.52.

August 24, Nellie M. Lavallee, damage to building \$67.00; insurance paid \$67.00; damage to contents \$81.75; insurance paid \$81.75.

August 27, Mr. Michaud, still alarm.

September 7, L. J. Cote, still alarm.

September 14, Sullivan block, no damage.

September 15, Jerry Coffey, no damage.

October 30, Phoebe Murry, damage to building \$900.00; insurance paid \$800.00; damage to contents \$850.00; insurance paid \$850.00.

November 5, Mrs. Andrews, stable.

November 25, Gilbert block, still alarm.

December 3, box 34, chimney fire.

December 6, Hormidas Lafrance, shed, damage \$85.00; insurance paid \$85.00.

December 18, Parsonage Church of Christ, damage \$449.50; insurance paid \$449.50.

December 19, George Roberge, damage to building \$1875.00; insurance paid \$1250.00; damage to contents \$2732.00; insurance paid \$2300.00.

December 20, P. F. Hinchey, damage \$19.00; insurance paid \$19.00.

December 23, David Frew, still alarm.

December 25, box 15, false alarm.

December 27, Joseph Gosselin, damage to building \$32.00; insurance paid \$32.00; damage to contents \$42.75; insurance paid 42.75.

January 2, International Paper Co., no damage.

January 14, box 31, false alarm.

January 15, George S. Haddad, still alarm.

January 16, M. Flynn, still alarm.

January 18, M. McDougall, still alarm.

January 19, Henry Stahl, chimney fire.

January 20, Joe King, chimney fire.

January 24, M. Disson, still alarm.

January 25, Mrs. Lafleur, still alarm.

January 28, M. Cole, still alarm.

January 29, box 12, false alarm.

February 1, P. J. Martin, still alarm.

February 13, Thomas Feeney, still alarm.

February 15, John Quinn, still alarm.

February 13, A. N. Gilbert.

February 15, William Taylor, still alarm.

Respectfully submitted,

WILLIAM BEACH, *Chief Engineer.*

Report of Police Commission.

*To His Excellency, the Governor of the State of New Hampshire,
and to His Honor, the Mayor, and the City Council of the City
of Berlin:*

In accordance with the requirements of chapter 160 of the Session laws of 1905, we submit our annual report ending December 31, 1908.

With the exception of discharging one of the patrolmen whose place has not yet been filled, and appointing four additional special policemen, there has been no material changes in the police force from last year. The entire police force to-day consists of city marshal, assistant city marshal, five regular patrolman, 21 special police officers, two constables and one dog constable.

We have endeavored to keep pace with constantly varying conditions in the department, always keeping in mind the demands of economy, consistent with efficient service and the protection of our citizens and property.

Below is a statement in detail of the number of offenses committed that have received the attention of the police department, for the year ending with this report:

Whole number of arrests.....	714
Males.....	686
Females.....	28

Causes.

Drunkenness.....	398
Assault.....	55
Highway Robbery.....	3
Lewd cohabitation.....	3
Violation of liquor laws.....	71
Non-support.....	3
Obscene language.....	8
Keeping disorderly house.....	12
Street walking.....	4
Surety of the peace.....	6
Larceny.....	38
Sodomy.....	3

REPORT OF POLICE COMMISSION.

Noise and brawl.....	5
Obscene and profane language.....	5
Obstructing officer.....	1
Practicing medicine without license.....	1
Peddling without license.....	1
Ringing False alarm of fire.....	1

REPORT OF POLICE COURT.

79

Surety of peace.....	6
Vagrancy	8
Violation of the Sunday laws.....	2
Violation of health regulation.....	2
Violation of building ordinance.....	5
Violation of game laws.....	1
Violation of pawn broker's laws.....	1
Violation of liquor laws.....	64
Total.....	595

These complaints were disposed of as follows:

Not prosecuted to judgment.....	35
Discharged on payment of costs	31
Held to answer to Superior Court.....	62
Paid fines.....	148
Appealed to Superior Court.....	9
Committed to House of Correction for non-payment of fine	20
Committed to jail in default of bail.....	6
Sentence suspended during good behavior	61
Sentence suspended while out of city	196
Sentenced to House of Correction.....	5
Amount of fines and costs received by Justice.....	\$1,726 41
Amount deposited by Justice with City Treasurer.....	1,726 41

Respectfully submitted,

GEORGE F. RICH, *Justice and Clerk.*

City Treasurer's Report.

BERLIN, N. H., February 15th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

I have the honor to submit the twelfth annual report of the Treasurer of the City of Berlin for the fiscal year ending February 15th, 1909, as follows :

Department of City Poor.

BERLIN, N. H., February 15, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

GENTLEMEN: I herewith submit the report of the Department of City Poor for the year ending February 15, 1909, and in connection thereto I desire to call your attention to the fact that I am responsible only for what has been done since I assumed the office on September 1, 1908. You are aware that an appropriation was made for the year of \$2000. This amount would have been more than sufficient if it had been expended properly, and while I do not wish to criticize in any way personally, the former overseer of poor whose unexpired term I am filling, in justice to myself and what has been accomplished since I took charge of the work on September 1, it seems to me proper that you should know just what has been done, and in what condition I found matters.

In six and one-half months there had been expended \$1,485.22, leaving a balance of the appropriation of only \$514.78 to finish the remaining five and one-half months of the year. Upon investigation I found the city had been expending quite a large sum for the support of county paupers which might have been recovered from the County if proper affidavits had been taken in each case, and notice been given to the county commissioners of assistance rendered. I visited the commissioners in session at the Colebrook court, placed the matter before them and requested them to come to Berlin and investigate the situation, which they did at a later date, and they took over every case that belonged to the county from September 1, and have supported them since at the expense of the county. This stopped the leak but should of course have been done earlier in the year. The appropriation consequently is overrun a very little, but at the present time our city charges are in a comfortable condition, and their cost of maintenance reasonable.

In recommending an appropriation for the coming year I base my estimate upon what cases we have at present, and what new ones are liable to come, assuming of course that the overseer of poor discharges his duties with a proper understanding and knowledge of the pauper laws, and in a prudent manner. I believe that

the sum of \$1500 will be sufficient unless some unusual condition arises. In various ways I have been assured of appreciation by the city government in my efforts to put this department upon a business basis, and I desire to thank those who in any manner have assisted. The Council has purchased and maintain a bed at the St. Louis hospital and at the present time it is occupied by a pauper case.

Respectfully submitted,

A. B. FORBUSH, *Overseer of Poor.*

Appointed Sept. 1, 1908.

Sanitary Department.

REPORT OF BOARD OF HEALTH.

BERLIN, N. H., February 15th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

GENTLEMEN: The Board of Health respectfully presents its annual report for the calendar year ending December 31, 1908.

Cases of communicable diseases reported :

Diphtheria.....	20 cases
Scarlet fever....	6 "
Typhoid fever.....	10 "
Small pox.....	0 "
Membraneous croup....	5 "
Total.....	41
Total number of communicable disease cases reported in 1907, 60	
Total number of communicable disease cases reported in 1908, 41	

Water.

Occasionally the water company is obliged to pump water from the river. The analysis of the river water showed the presence of the colon bacillus, therefore the water company should find some way of notifying the people when such water is to be pumped from the river. Boiling of the water would then prevent the typhoid fever.

Milk.

We find the following remarks in a report of the board of health of a progressive city :

"Probably no more needed regulations could have been made than those in regard to the milk supply of the city. No article of human food is capable of such rapid deterioration and so sensitive to contaminations which render it unsafe for consumption. The recognized perquisites to its reaching the consumer in fit form for use are: It shall be milked from healthy, well fed and watered cows; that the milking should be conducted under such conditions and arrange-

ments as preclude any contamination of the milk from dirty cows, unclean stable surroundings, the person or utensils of the milkman or from contagious diseases as typhoid fever, scarlet fever, and diphtheria existing on the premises; that immediately following milking it should be strained, aerated, cooled to 50 degrees F., placed in clean containers for transportation, and delivered to the consumer within 12 hours from time of milking. In the system of inspection the following features were emphasized: 1, healthy cows; 2, sanitary surroundings; 3, clean methods; 4, healthy attendants."

It is needless to say what condition our milk supply, as a whole, has been in. It is safe to say that many producers are furnishing us an excellent quality of milk, while on the other hand filthy milk has been found in many instances.

Antitoxin.

Owing to the fact that the great majority of the people of Berlin are of the laboring class, the board of health has made it a rule to furnish the antitoxin in cases of diphtheria, as the price is still prohibitive to common people. Lately a good, reliable house has put on the market a board of health antitoxin, a little less concentrated but as efficacious as the high priced one, and this antitoxin can be bought for about 60 per cent. less than the other kind. We constantly keep it on hand.

Sixty school children have been vaccinated during the year.

Respectfully submitted,

A. LAVALLÉE,	} <i>Board</i>	
HARRY D. SHEA,		of
JOHN H. JOHNSON,		<i>Health.</i>

Report of the City Engineer.

BERLIN, N. H., February 15, 1909.

To His Honor the Mayor and City Council of the City of Berlin :

Gentlemen:—I have the honor to submit to you the annual report of the department of City Engineer.

The work in this department the past year consisted mostly along lines of the general routine of city work, and I have kept accurate records of all work done in the way of lines and grades for sewers, sidewalks, streets, and maps for our City Solicitor. I have made several reports to your Honorable Body on several matters of an engineering nature, all of which follows in detail.

For sewers, I laid out and gave lines and grades for construction in Mannering, Broad, Hinchey streets and Fifth avenue, which sewers consist of 406 feet of 10 inch, 120 feet of 8 inch, and 507 feet of 6 inch pipe, together with seven manholes necessary for construction.

Madigan street and Fifth avenue, 215 feet of 8 inch and 375 feet of 6 inch pipe and one manhole.

Mechanic, Pleasant, Green and Union streets, 580 feet of 18 inch pipe, with the construction of five manholes and three catch-basins.

Green and Main streets, 264 feet of 10 inch pipe, with the construction of two manholes and one catch-basin.

Willard street, 80 feet of 6 inch pipe and one manhole.

Portland street, 325 feet of 6 inch pipe and three manholes.

Hillside avenue and Church street. 240 feet of 20 inch and 410 feet of 15 inch storm water sewer and the construction of four catch-basins.

Hemlock and State streets, 318 feet of 6 inch pipe and three manholes.

Goebel, Merrimack and Champlain streets, 116 feet of 10 inch, 250 feet of 8 inch and 315 feet of 6 inch pipe, and the construction of five manholes and three catch-basins.

Hutchins street, to Blanchard & Twitchell outlet sewer, 850 feet of 8 inch pipe, and the construction of four manholes.

Sweeden street, 178 feet of 6 inch pipe.

Above sewers are all laid to a true line and grade, and their positions in the streets as well as the location of the branches are carefully located.

Plans were made for the City Solicitor as follows :

C. Brooks vs. City.

Lavasseur vs. City.

Wilson vs. City.

Descriptions for deed and sketch accompanying same.

Philip Beaudoin to City.

J. B. Gilbert to City.

John Oswell to City.

Fred Albee to City.

John Goebel to City.

Lines and grades were given for the construction of sidewalks with curbing, as follows :

Green street and Second avenue, 1018 feet.

First avenue, 275 feet.

Hillside avenue and Willard street, 840 feet.

Main street, Berlin Mills Village, 810 feet.

Main street, at Gilbert and Beaudoin blocks, 276 feet.

Brown avenue, 312 feet.

Plans were made for the construction of two bridges over Dead river, one at Pleasant street and one at Hillside avenue, and lines and grades given for the construction of same.

I have endeavored to use the utmost care in above work and feel as though what work has been done by this department is labor well spent.

Thanking your Honorable Body as a whole for encouragement you have given me in my department work, I beg to remain,

Yours respectfully,

G. F. LOVETT, *City Engineer.*

Report of Building Inspector.

BERLIN, N. H., February 15, 1909.

to His Honor the Mayor and City Council of the City of Berlin :

Gentlemen :—I have the honor to submit to you the annual report of the office of Building Inspector.

During the past year this office has issued twenty-seven building permits. This number includes permission in eight cases to alter or repair buildings, while nineteen permits for new buildings were issued.

There have been a few cases where repairs and alterations in the "fire district" have been made without permits, and as this is a pretty hard matter to apprehend under the present building laws, I would recommend that it be made compulsory on the part of the several contractors and builders, that they file with the building inspector a certificate of proposed alterations or additions at least ten days before work is commenced, so that each case can be looked into and reported on to the City Council. If this were done the plea of ignorance on the part of owners, of the building laws of our city, would be obviated.

Respectfully submitted,

GEORGE F. LOVETT, *Building Inspector.*

Sewer Department.

REPORT OF SEWER COMMISSIONER.

BERLIN, N. H., February 15th, 1908.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—I have the honor to submit to you the annual report of the office of Sewer Commissioner.

The work performed by this department on the construction and maintenance of sewers during the past year has been of great magnitude and far more sewers were laid than were anticipated and the overdraft on appropriation of \$8000 is due mainly to the change in sewers and drains that have existed in the vicinity of the McNally and Jolbert properties. A decree of the court ordered these sewers to be relaid or discontinued and your honorable body saw fit to have them discontinued and new routes established; accordingly there was laid from the Goebel property on Union street to the outfall sewer in Mechanic street in 18 inch sewer, 580 feet long, at a cost of \$976.18. The building of this sewer in my judgment, will guard the city against any further cause for damage from the flooding of property caused by the old sewer and drain. It also became necessary to establish a new course for the sewerage running from the property in postoffice square and 264 feet of 10 inch sewer was laid from the existing manhole in Green street opposite the New Revere House along Green and Main streets to the outfall sewer between the McHugh and Gilbert blocks. The cost of the sewer was very high owing to care which had to be exercised in blasting and amounted to a total cost of \$1,206.25, of which the Berlin Water Co. are to pay one half exclusive of the cost of the pipe and manholes. On the whole the laying of these sewers, while rather expensive as a first cost will no doubt cause a cessation of litigation which has heretofore existed in this vicinity.

A trunk sewer was built in Mannering, Broad, Hinchey streets and Fourth avenue at a total cost of \$2,460.80. The sewer consists of 406 feet of 10 inch pipe, 120 feet of 8 inch and 507 feet of 6 inch pipe, making a total length of 1033 feet. Branches were left at

intervals and the same are located so that they can be easily found when desired.

A portion of the sewer in Madigan street was taken up and relaid to accomodate the connection of a sewer in Fifth avenue. This sewer has a total length of 590 feet consisting of 215 feet of 8 inch pipe and 375 feet of 6 inch pipe, the total cost being \$267.72.

Willard Street sewer was extended a distance of 80 feet northerly from the residence of James Malloy and is 6 inch pipe. The total cost of this piece was \$44.09.

A new sewer was laid in Portland street from estate of Catherine E. Green to Willard street a distance of 325 feet of 6 inch pipe and cost \$119.75.

A new sewer was built in Hemlock and State streets, 318 feet of 6 inch pipe at a total cost of \$171.50.

A continuation of the surface drain system from High street up Hillside avenue and church street was constructed and consists of 240 feet of 20 inch and 410 feet of 15 inch pipe and cost \$454.00. This system should be extended further along Church street and up Hillside avenue at an early date, as great damage is done the streets and property in that vicinity from storm water.

The system on the east side which was started in the year 1907 along Goebel street was continued to Merrimack and Champlain streets and consists of 116 feet of 10 inch, 250 feet of 8 inch and 315 feet of 6 inch pipe and cost \$865.10. This sewer supplies a much needed want.

A sewer was laid in Hutchins street from a point near the Blanchard & Sons railroad along Hutchins street and across lots to Blanchard & Sons private sewer a distance of 850 feet of 8 inch pipe and cost \$521.75.

A sewer was laid in Sweden street from Eighth street, a distance of 178 feet of 6 inch pipe and cost \$76.50.

A continuation of the brook drain from Eighth street at Finland street was built of 30 inch pipe. A length of 215 feet was laid and cost \$180.75. The laying of this sewer will protect the hill on Eighth street as well as the adjoining property.

The storm sewer in Maple street was relaid and 316 feet of 8 inch pipe replaced at a cost of \$83.50.

A new sewer was built in Stafford street from Burgess street to Hillsboro street, a distance of 216 feet of 6 inch pipe being laid at a cost of \$116.15.

The sewer running from Burgess street to the culvert under the Boston & Maine railroad was relaid, as the former sewer was considerably broken and stopped up. This was replaced by 10 inch pipe and 95 feet was laid at a cost of \$33.50.

Eighty-three house connections were made during the year.

Various lengths of sewers were laid for conveying water across streets in different parts of the city. In all a total length of pipe amounting to 6491 line feet was laid.

I would suggest that a sewer be built as early as possible in German and Cambridge streets also one in Spruce street.

In conclusion I wish to extend my thanks to your Honorable Body and the citizens in general for the support I have received the past year.

Respectfully submitted,
G. F. LOVETT, *Sewer Commissioner.*

Report of Street Commissioner.

BERLIN, N. H., February 17, 1909.

To His Honor the Mayor and Gentlemen of the City Council, Berlin, N. H.:

Gentlemen: I have the honor to submit to your Honorable Body the annual report of the Street Commissioner of the City of Berlin.

The work accomplished by this department the past year, while not of great extent, I believe is in the nature of permanency, and hope that all future work done on our streets will be along the same lines. While in parts of the city the streets are mostly founded on ledge, I think that with proper care in building they can be made to keep their shape, and by keeping the grades built up so as to shed water to the gutters there is not any reason why we cannot be placed on an equal footing with other up-to-date municipalities in the way of streets and sidewalks.

Following is a list of street grades towards the line of permanency, and approximate costs of same:

Street or Avenue.	Length.	Cost.	Material.
Mason street, East side,	480 feet.	\$281.00.	Gravel.
Goebel street.....	245 "	168.00.	Gravel.
Burgess street.....	160 "	131.50.	Gravel.
Champlain street.....	210 "	163.00.	Cinders.
Hutchins street.....	320 "	68.00.	Cinders.
Glen avenue.....	380 "	461.00.	Macadam.
Main street, at fire sta.,	215 "	233.00.	Macadam.
First avenue.....	110 "	160.00.	Macadam.
Western avenue and } Gerrish street..... }	280 "	483.00.	Macadam. (includes blasting).
Mannerling street.....	300 "	175.00.	Cinders and gravel.
Hinchey street.....	275 "	222.00.	Gravel, crushed rock.
Fourth avenue.....	530 "	280.00.	Gravel.
Jolbert street.....	115 "	41.50.	Gravel.
Pleasant street.....	230 "	127.00.	Gravel.
Willard street.....	120 "	55.00.	Gravel.
Hemlock street.....	225 "	133.00.	Gravel.
First street.....	320 "	210.00.	Gravel.
Second street.....	325 "	186.00.	Gravel.

Street or Avenue	Length.	Cost.	Material.
School street.....	280 "	\$161.00.	Gravel.
Eighth street	300 "	115.00.	Gravel.
Sweeden street.....	175 "	254.50.	Gravel, (deep fill).
Granite street.....	250 "	192.00.	Gravel.
Seventh street	110 "	66.50. }	Gravel. (Includes blasting).
Hillside avenue ...	315 "	315.00. }	Gravel. (Includes blasting).
Fourth street	234 "	37.00.	Gravel.
Gilbert street.....	110 "	94.00.	Blasting and grading.

In addition to above a small amount of work was done on the roads in the outlying districts, and this was in the nature of repairs only.

I would suggest that a deal of attention be paid the county roads the coming season, and would recommend that the Milan road be put in first-class condition. By reducing the grades and filling up the hollows with material from the hills I should say that the entire road from the Milan line to Paine bridge could be put in first-class condition for \$3,500.

The condition of Main street in the central part of the city is very poor, and while in the past endeavors have been made to macadamize this portion, I think this method of road building for such heavy traffic as the street is subject to, to be inadequate. By paving a portion of the street each year with one of the various pavements on the market, in a very few years we could have a street that would be a credit to our community. For instance, by setting aside say \$5,000, a distance of 1000 feet could be paved, or a distance equal to the section from Postoffice square to the Berlin Savings Bank and Trust Co. If the city does see fit to order this paving done, the type of rail now being used by the street railway company will have to be changed.

A great length of sidewalk curbing and tar concreteing was done the past year, as will appear by the following table:

Street or avenue.	Length.	Cost of			Remarks.
		Tar	Concr't.	Curb.	
First avenue.....	246 feet,	\$110	54	\$193 81	Includes grading.
Green street.....	607 "	323	49	272 00	" and ledge.
Second avenue.....	525 "	294	23	140 00	Includes grading.
Madigan street.....	320 "	139	42	51 00	Curb re-set.
Third avenue.....	51 "	38	34	—	
Willard street.....	533 "	283	13	211 00	Blasting ledge.
Hillside avenue.....	458 "	241	45	222 45	Blasting ledge.

School street.....	991	"	623 83	685 22	Heavy cut.
Prospect street.....	340	"	124 14	52 20	
Brown avenue.....	324	"	117 70	24 80	3 inch plank curb.
Main st., Berlin Mills,	920	"	139 00	173 50	
Main street, Gilbert } and Beaudoin blks. }	201	"	261 75	201 00	Re-set curb.

In addition to above the following walks were re-paved :

	Cost of Tar Concrete.		Length.
Main street, cross walks	\$144	62	289 feet.
Main street, sidewalk.....	237	93	390 "
Mason street, sidewalk.....	1	70	6 "
Pleasant street, sidewalk.....	1	31	5 "
Exchange street, sidewalk.....	3	12	47 "
Mount Forist street, sidewalk.....	29	24	143 "

The contract prices paid for above work were as follows :

New sidewalk, 60 cents per square yard.

Crossings, 85 cents per square yard.

Resurfacing, 45 cents per square yard.

Under the head of sidewalks, I would recommend a sidewalk be built from the end of the present walk on Second avenue to and along Hillside avenue to Willard street. This walk would accommodate a large number of school children, as well as the public in general.

I would also recommend that the sidewalk in Berlin Mills village be completed, as this walk is a really dire necessity for the people of that part of the city.

Two new bridges were built, one on Pleasant street at a cost of \$1,735, and one on Hillside avenue at a cost of \$1,316.50. The bridge on Pleasant street is one of concrete construction, and built according to modern methods for such structures. The Hillside avenue bridge is not quite completed and I would recommend that the bridge be completed and the filling done at both abutments. This filling can be made from the grading of the hill near Hemlock street.

The streets in the vicinity of the Cascades should receive attention as soon as the frost leaves the ground.

A new sprinkler should be purchased to sprinkle streets on West side.

In conclusion I wish to extend my thanks for courtesy shown and support given by your Honorable Body as a whole.

Respectfully submitted,

G. F. LOVETT, *Street Commissioner.*

FINANCIAL REPORTS.

Municipal Regulations.

FOR THE PAYMENT of BILLS AGAINST THE CITY.

All bills against the City must be approved by the person authorizing the charge; and unless this is done, no action can be taken upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 o'clock M, on the Saturday preceeding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims, and if approved by them and allowed by the Council, will be ready for payment on the following Thursday, at the office of the City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceeding the first Tuesday of each month, and the regular meetings of the City Council are held on the first Tuesday of each month at 8 o'clock p. m.

Report of Finance Committee.

BERLIN, N. H., February 15th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin:

The books of the assessors, tax collectors, city treasurer, city clerk and clerk of police court have been audited by Mr. Arthur T. Byrnes and his report of the same will be found on another page.

The report of the city treasurer is annexed to and made a part of this report as required by the city ordinance, and will show the receipts and disbursements of the several departments.

We submit herewith a list of recommendations which we deem adequate to defray the expenses of the several departments for the ensuing year:

Bonds.....	\$ 3,000 00
Band concerts.....	200 00
Cemetery account.....	100 00

Respectfully submitted,

F. D. BARTLETT,

A. E. ELLIOTT,

WM. P. HAGGART,

Finance Committee.

Auditor's Report.

BERLIN, N. H., February 20th, 1909.

To His Honor, the Mayor, and City Council of the City of Berlin :

I have examined the books and accounts of the following departments of the city for the year ending February 15, 1909, viz :

Assessors, Tax Collector, Treasurer, City Clerk and Police Court, and submit the following report :

Assessors.

Total taxes assessed for 1908, as per Assessors Inventory Book.....\$ 131,768 38
Total amount submitted to tax Tax Collector..... 131,768 38

Tax Collectors.

W. H. Pingree, collector for 1900.

Balance due the city February 15, 1908....\$ 2,321 37
Nothing collected
Balance due the city February 15, 1909.... \$ 2,321 37

W. A. Pingree, collector for 1901.

Balance due the city February 15, 1908.... 3,364 95
Nothing collected.....
Balance due the city February 15, 1909.... 3,364 95

George J. Oleson, collector for 1902.

Balance due the city February 15, 1908.... 1,546 45
Nothing collected
Balance due the city February 15, 1909.... 1,546 45

George J. Oleson, collector for 1903.

Balance due the city February 15, 1908.... 2,698 12
Nothing collected
Balance due the city February 15, 1909.... 2,698 12

George J. Oleson, collector for 1904.

Balance due the city February 15, 1908.... 3,730 57
Nothing collected
Balance due the city February 15, 1909.... 3,730 57

George J. Oleson, collector for 1905.

Balance due the city February 15, 1908.... 5,543 90
Nothing collected
Balance due the city February 15, 1909.... 5,543 90

There has been received on account of the Oleson taxes, from the United States Fidelity and Casualty Co., \$8,250.00 in full settlement of their liability under their bond; the books have also been surrendered to the city. This sum has been set aside as an overlay against probable abatements on the unpaid Oleson taxes.

Joseph E. Gonya, collector for 1906.

Balance due the city February 15, 1908....	\$ 4,880 97
Collected and abated during the year	325 58

Balance due the city February 15, 1909....	\$ 4,555 39
--	-------------

Joseph E. Gonya, collector for 1907.

Balance due the city February 15, 1908....	30,151 66
Collected during the year.....	\$23,761 23
Abatements	661 34
	<u>24,422 57</u>

Balance due the city February 15, 1909....	5,729 09
--	----------

Joseph E. Gonya, collector for 1908.

Total taxes committed for 1908.....	131,768 38
Collected during the year.....	\$104,527 38
Abatements during the year...	701 01
	<u>105,228 39</u>

Balance due the city February 15, 1909....	<u>26,539 99</u>
--	------------------

Total amount unpaid taxes February 15, 1909	<u>\$56,029 83</u>
---	--------------------

The collectors accounts for 1906, 1907 and 1908 have been examined and found to be in good condition.

I would recommend that a tax bill with a perforated stub be used, the collector detaching the stub upon receipting the bill. These stubs would furnish good vouchers for checking up the receipts, and prove of great value to the collector in verifying his cash account.

City Treasurer.

RESUME.

CASH ACCOUNT.

Balance on hand February 15, 1908.....	\$ 9,779 36
Amount received during the year ending Feb. 15, 1909	202,108 23

Total.....	\$ 211,887 59
Amount disbursed during the year ending Feb. 15, 1809	197,949 26

Balance on hand February 15, 1909	\$ 13,938 33
---	--------------

The cash on hand was found to be as follows :

On deposit in City National Bank, as per their state- ment of February 18, 1909.....	\$ 20,579 58
Deduct checks outstanding.....	6,641 25

Total cash accounted for.....	\$ 13,938 33
-------------------------------	--------------

The disbursements are supported by good vouchers, all of which have been compared with the charges in the cash book.

Appropriations made amounting to\$ 131,768 38

To which is added :

Unexpended balance of last year.....	1,537 51
Additional assessments of.....	94 91

Total appropriations of.....	\$ 133,400 80
------------------------------	---------------

This appropriation was divided as follows :

For sundry departments.....	\$ 130,551 80
For overlay	1,311 49
For new streets, balance of 1907.....	1,537 51

Total.....	\$ 133,400 80
------------	---------------

OVERLAY.

The credit balance of this account on Feb. 15, 1908....	\$ 7,190 76
Added by appropriation	1,311 49

Total.....	\$ 8,502 25
Deduct abatements allowed by assessors during year..	1,582 35

Leaving credit balance February 15, 1909.....	\$ 6,919 90
---	-------------

In addition to this overlay there has been received from the U. S. Fidelity and Casualty Co. on account of Geo. J. Oleson taxes..... 8,250 00

This amount stands as an overlay against possible abatements of these taxes, the city having possession of the books for the purpose of making collections. Any abatements made on account of these taxes should be charged against this account of \$8,250.00.

City Clerk.

Total collections during the year :

Tax sales.....	\$ 1,604 38
Interest on tax sales.....	99 20
Dog licenses.....	663 20
Insurance refund, fire.....	37 50
Insurance refund, shoe factory.....	77 82
Hack and carriage licenses.....	27 00
Truck licenses.....	34 00
Pawnbrokers' licenses.....	30 00
Pool and billiard licenses.....	160 00
Show licenses.....	101 00
Employment licenses.....	30 00
Plumbers' licenses.....	8 00
Peddlers' licenses.....	60 00
Bowling licenses.....	27 50
Junk licenses.....	5 00

Total receipts	\$ 2,964 60
Amount paid City Treasurer.....	2,960 73
Cash in hands of City Clerk.....	\$ 3 87

Police Court.

Total amount received on account of fines and costs....	\$ 1,752 41
Disbursed for expenses.....	26 00
Net receipts.....	\$ 1,726 41
Amount paid to City Treasurer.....	1,600 00

Balance due the city February 15, 1909.....\$ 126 41

The receipts agree with the docket book and complaints, and the disbursements are accompanied by good vouchers.

Transfer Account.

The following departmental overdrafts have been charged to this account :

City building.....	\$ 181 34
City Engineer.....	52 83
City poor.....	116 83
Election expenses	244 64
Fire	296 65
Lighting streets.....	269 24
McNally case.....	1,094 80

Printing and stationery.....	\$ 27 79
Sanitary	229 26
School fire escapes	409 38
Shoe factory	343 32
Sidewalks.....	1,367 28
Sprinkling streets	261 67
State tax.....	1,880 00
Streets.....	3,442 35
Sewers.....	2,777 44
Total overdraft.....	\$ 12,994 82
The following unexpended balances and sundry receipts have been credited to transfer account :	
Building and Loan Association tax.....	\$ 28 26
City Clerk, miscellaneous licenses.....	482 50
City Clerk, insurance refunds.....	114 25
Couture house.....	4 35
Hydrants	380 00
Insurance tax.....	3 75
Interest.....	1,761 83
Miscellaneous	564 28
New Streets.....	2,335 99
Police.....	156 25
Railroad Tax.....	675 74
Salaries	485 23
Savings Bank Tax.....	579 59
State Licenses.....	1,191 09
Sewers, account Berlin Water Co.....	553 52
Streets, account Berlin Street Railway Co...	260 28
Police, police court.....	126 41
Total credits.....	9,703 32
Net overdraft carried to city debt.....	\$ 3,291 50

Among the overdrafts are found the following items for which no provision had been made in the appropriations :

Lawsuits in McNally case.....	\$ 1,094 00
School fire escapes.....	409 38
Excess of State tax.....	1,880 00
.....	\$ 3,383 19

Excluding these unforeseen expenses, the appropriations and miscellaneous receipts were sufficient to cover all expenses during the year 1908.

The following cash receipts have been credited to various departments:

From police court receipts to police department.....	\$ 1,600 00
From savings bank tax receipts to schools.....	2,086 30
From literary fund receipts to schools.....	705 60
From dog licenses receipts to schools.....	653 20
